**Legend**

-  - Supported Platform
- bold** - New since last release
- A** - 64-bit target binaries only
- B** - 32-bit static binaries not supported
- C** - An evaluation build is available. To evaluate on other platforms contact sales@roguewave.com.
- D** - 64-bit SourcePro for Open Source Database

SourcePro is certified against these platforms, but is expected to work with any binary-compatible operating systems (for example CentOS claims binary compatibility with Red Hat Enterprise Linux).  
A version of ICU should be used that is compatible with the dialect of C++ being used.
